

Student Name:

Vocabulary Graphic Organizer

Date:

Directions: Bring first blue line over to touch second blue line. Press down on first blue line to create a complete fold down the page. Press down on fold created from doing the first action to create another fold. Once this is done, the word column and the picture column should be visible.

To practice, allow student to open all pages for review. Then refold as directed above so student can see only the word and picture. Ask the student to tell you the meaning of each word. Review 2-3 times per week until word meanings are known.
